EXAMINER'S COMMENT AND STATEMENT OF REASONS FOR ALLOWANCE

Response to Amendment

The amendment filed on 11/22/05 has been entered. Claims 1-13 have been amended. Claims 14-23 have been canceled. New claim 24 has been added. Claims 1-13 and 24 are pending.

Allowable Subject Matter

Claims 1-13 and 24 are allowed in light of the amendment filed on 11/22/05.

The following is an examiner's statement of reasons for allowance: the cited prior art of record does not teach or fairly suggest a bond separation inspection method comprising, along with the other claimed features, embedding the sensor part in the adhesive and causing a compressive thermal strain to arise in the sensor part so a refractive index period of the sensor part is sufficiently reduced such that a wavelength of reflected light emerging from the another end of the optical fiber caused by a bond separation is separated from a wavelength of reflected light caused inherently by the sensor part.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
